a) Phylogenetically inferred migration rates for DWV

- Bayes factor > 100
- 100 > BF > 10
- 10 > BF > 3

Directional arrows indicate migration rates with different colors representing different regions:
- Red: Bayes factor > 100
- Orange: 100 > BF > 10
- Yellow: 10 > BF > 3

b) Global spread of *V. destructor* in *A. mellifera*

Legend for the global spread:
- 1900's
- 1910's
- 1940's
- 1950's
- 1960's
- 1970's
- 1980's
- 1990's
- 2000's
- Present
- Absent
- No data
