Near infrared multiphoton-induced generation and detection of hydroxyl radicals in a biochemical system

Botchway, SW, Crisostomo, AG, Parker, AW and Bisby, RH

<http://dx.doi.org/10.1016/j.abb.2007.04.026>

Title	Near infrared multiphoton-induced generation and detection of hydroxyl radicals in a biochemical system
Authors	Botchway, SW, Crisostomo, AG, Parker, AW and Bisby, RH
Publication title	Archives of Biochemistry and Biophysics
Publisher	Elsevier
Type	Article
USIR URL	This version is available at: http://usir.salford.ac.uk/id/eprint/2136/
Published Date	2007

USIR is a digital collection of the research output of the University of Salford. Where copyright permits, full text material held in the repository is made freely available online and can be read, downloaded and copied for non-commercial private study or research purposes. Please check the manuscript for any further copyright restrictions.

For more information, including our policy and submission procedure, please contact the Repository Team at: library-research@salford.ac.uk.
